

DOGOS has updated classic shmup games by introducing current technology elements, such as 3D graphics and dynamic camera vision. By imitating open world games, the player can move around freely through the scenarios, in any direction. This is a real innovation for games of this kind.

DOGOS is revitalizing the genre, and invites you to live a real action-packed experience that will challenge your skills and your senses. Loads of shots and explosions, and an incredible, catchy soundtrack. If you like fast-paced, thrilling videogames, then *DOGOS* is just for you.

PREPARE FOR A BATTLE THAT WILL PUT YOUR NERVES ON EDGE!

Story

Earth has been invaded by a perverse race of bio-mechanical beings from outer-space known as Zeetnuks. A group of humans organize themselves to resist the invasion, but soon discover they don't stand a chance against the enemy's technological superiority.

The Resistance decides to embark on an ambitious project: combining human and alien engineering, they set out to create a fleet of ships to fight the invaders.

The Zeetnuks uncover the Resistance's plans and they launch a surprise attack against the base where the humans are developing the prototypes.

During the attack, Desmond Phoenix, a skilled pilot, manages to escape on a KZ 72—one of the models being developed, which everyone will come to know as *DOGOS*.

DOGOS tells the story of that pilot, and how his actions changed the future of the human race.

Features

3D OPEN WORLDS

You can navigate 14 levels that emulate how 3D open worlds work. Each level is designed with a high degree of accuracy and detail, incredible textures, and modelled with a keen esthetically-pleasing sense.

DYNAMIC CAMERA MODE

You can change the camera mode while you play, taking these kinds of games to a whole new level.

COUNTLESS ENEMIES AND POWERFUL BOSSES

A great variety of enemies and bosses force you to create new strategies every minute. Guaranteed fun!

BALANCED GAMEPLAY

4 difficulty levels designed for every player: from beginners to those with the most experience.

STRIKING VISUALS, AMAZING SOUND AND CATCHY TUNES

We offer you a stimulating soundtrack: incredible original music, striking sounds and, of course, graphics with the highest definition. Brace yourself: this game will blow your senses away.

THE GAME'S HIGH PLAYBACK SPEED WILL REQUIRE YOUR BEST REFLEXES

With a playback speed of 60 frames per second at a 1080p resolution, this game will test your senses and your reflexes. The battle against the aliens will be astonishingly fast-paced and dramatic. Try not to blink if you want to stay alive.

CUSTOMIZE YOUR EXPERIENCE

Choose your ship, weapons, and appearance. Try every option available in our settings until you find the one that best suits you.
