

**Dungeon Crawler 'Prevent The Fall' Is Looking For Brave
Warriors To Fight The Forces Of Evil On STEAM™**
VR-Gear Optional In Action-Packed RPG!

San Francisco, CA, April 29th 2017: Indie game developer D.W.S is proud to announce their action-oriented dungeon crawler **Prevent The Fall** has launched on Early Access via STEAM™. Scheduled for official release later this year, **Prevent The Fall** can be experienced in single-player mode, in multiplayer co-op online or via LAN.

Your challenge is to advance through twenty character levels, as you explore semi-procedurally generated dungeons, earn STEAM™ Achievements, and acquire a slew of items in this RPG experience. Co-op sessions can be mixed and matched with both VR and non-VR players adventuring together. The game can be controlled with mouse and keyboard, gamepad, or STEAM™ VR motion controllers. Oculus Rift and HTC Vive headsets are supported.

Dungeons are semi-procedurally generated for maximum performance. Utilizing randomly selected layouts players will be able to generate simple quests which will have them seeking to explore, slay, or collect items in dungeons featuring generated NPCs, loot, and traps. Players are able to increase or decrease the difficulty of these quests, and dungeon encounters will spawn an increased number of monsters based on the number of players in co-op sessions.
