

# Uppy Cup 2018, the ultimate keepy uppy game for iPhone, available now on the App Store!

We're proud to announce the launch of Uppy Cup 2018, a simple but very addictive keepy uppy football game, exclusively on iOS.

Uppy Cup uses the motion sensors on iOS devices to provide a unique gaming experience, tilt the screen left and right to move the player and head the ball!

As your high score increases you will unlock national football teams, new balls, and different locations in Russia, travelling from remote Siberia to the final stadium in Moscow.

Represent your country, and see yourself on the World Wide and Friends leaderboards. See how your high score compares to players around the world and compete against your friends.

Bonus points and extra balls fall from the sky, to help you move to the next level and achieve that high score.

Maintain your composure, unlock everything, and win the ultimate prize in Moscow, the Uppy Cup!

**Uppy Cup 2018 is available free on the App Store:**
