

## **Warriors of the Crystal: The Trading Card Game**

A loving fan's homage to JRPGs in a new, strategic way.

HARRISBURG, April 25, 2018—A passion project started over a decade ago that blossomed into a new and exciting way to enjoy the JRPG genre. *Warriors of the Crystal* will be released later in 2018 for fun table top gaming.

A deck full of expertly chosen cards, a plan in mind, and some fearsome competition. This is how a normal game of *Warriors of the Crystal* plays out.

With a plethora of strategy, and an expansive lore, *Warriors of the Crystal* offers game play experiences like no other. Using JRPG archetypes like Monks, Paladins, Wizards, and Lancers, build a party of warriors to battle against up to three other players. Use a variety of different cards comprised of Combat Cards, Crystal Cards, and Ambush Cards to build a strategy to defeat your opposition's Unit Cards while keeping yours strong.

The last remaining player is crowned the winner and the Crystal Champion! The game is easy to pick up for those who may not have played other card games or turn-based RPGs, but also has a deeper strategy for those who wish to dive further into the mechanics at play.

*"Highly enjoyable. Think somewhere between Magic the Gathering card game and a Final Fantasy turn-based RPG computer game."*

*-Dan Brubaker, fan*

*"I've played Warriors of the Crystal a few times now. It was easy to pick up and play, especially if you're familiar with turn based RPGs like Final Fantasy. Even though it was easy to learn, there is a complexity to it as well. Each time I've played, I came up with new ideas about how to approach my next game. Very fun to play. I look forward to the next time I can play it again."*

*-Joe DeSantis, fan*

*Warriors of the Crystal* will be released holiday 2018 through the GameCrafter Website. Four theme decks will be available at \$21.99, with Eleven Card Booster Packs to alter the decks for \$7.99. With the game, two books detailing adventures in the world, along with a soundtrack will be launched alongside it. Links to purchase all the items will be published at a later date through the Facebook Page. (See the contact information below.)

With all this in mind, there is only one final question: Are you ready to become the Crystal Champion?

### **About the Developer**

Daniel Flanagan is an independent developer of table top trading card games.
