Baby Feed Animals

Fun educational game for Babies and Toddlers, to feed the animals

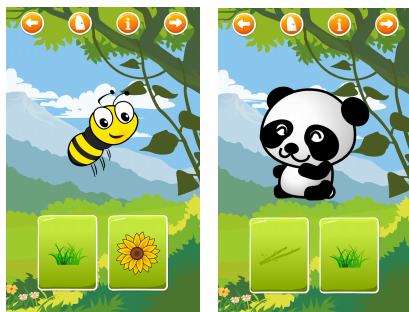

Setúbal, Portugal, 14th December of 2015

The child can hear the sound of the animal and feed him with the correct food.

- More than 20 animals in Full version
- 5 animals in Lite version
- Real animal sounds
- Funny images

How the app works

This app is easy to play, the user taps the animal to hear its sound, or taps the food to feed the animal. If the user answers correctly, comes the next animal, if not, then he can tap again.
